Simply connect the cameras and NVR to the Power by included power adapter, picture shows up. NOTICE: Wireless means video cable is not required for camera's working, but device user still NEED to connect camera to Power outlet for 24/7 surveillance purpose.

- HOW IT WORKS: Connect the cameras and NVR to the power, connect the Mouse to NVR. Connect PC/TV monitor to NVR with a VGA/HDMI Cable. Connect the Router LAN Port to NVR WAN Port with Network Cable Provided. Then, stable and stream video will be received by our professional Wifi signal transmission based on Auto Code Rate adjustment.
REMOTE MONITORING AND PLAYBACK: firstrend wireless security camera system is totally compatible for your mobile (Andriod and iOS System), tablet and PC. Free APP can be download to remote view and playback recordings (Please make sure NVR is connected to your router by Ethernet cable). It also support Sync-playback, Video Backup and Motion detection. Email alert or App alert will be sent once motion got
