

## BIOLA INCOME SURVEY

The community of Biola desires to apply for Community Development Block Grant (CDBG) funds from the County of Fresno. The County's CDBG Program provides grants for public infrastructure improvements such as sewer, water, drainage, streets, curbs, and sidewalks in low- and moderate-income communities in unincorporated Fresno County. An income survey is necessary to determine whether the community of Biola meets CDBG criteria as a low- and moderate-income community.

This survey will ask how many people live in your household, how many family members (including yourself) live in your household, your total family income, and some demographic questions. This information is needed as part of an application for CDBG funds. This survey is voluntary, will take less than 5 minutes, and your individual responses will be kept confidential.

It is very important that every household participates in this survey effort so that the County of Fresno has accurate information for the application process.

The survey can be completed online at [tinyurl.com/xxxxxxxxxxx](http://tinyurl.com/xxxxxxxxxxx), or by following the link at the QR Code shown below.

You can also complete the enclosed survey, and return the survey to the address below. The survey can also be sent by fax to (559) 600-4573, or emailed to [ComDev@fresnocountyca.gov](mailto:ComDev@fresnocountyca.gov).
